## Community Profile Form

### AFM Family,

This is our Community Profile Form – a practical tool for the Assembly’s Welfare Team. It helps identify available resources in the community. If the Welfare Team cannot assist directly, they can refer members to relevant organizations or role players. This form also guides the team in planning new projects and ensures there’s no duplication of existing efforts in the community.

### 1. IDENTIFYING PARTICULARS

#### Particulars of the Institution

Name of the institution:

Section:

Names of the  
Communities:

Boundaries of the  
Community:

### 2. HISTORICAL BACKGROUND
